DIVINE ENERGY HEALING • MASTER COURSES • SPIRITUAL CRYSTALS

OFFICIAL ARCHITECTURE & FUNCTIONAL SPECIFICATION

SCOPE OF ADMINISTRATION PORTAL & CONTENT MANAGEMENT SYSTEM

A comprehensive technical and functional blueprint detailing the administrative capabilities, controllable frontend website elements, database schemas, and real-time synchronization architecture.

SYSTEM VERSION

v2.4 (Enterprise Production Edition)

ENVIRONMENT & URL

/admin/ • PHP 8.2 / MySQL 8.0

DATE OF SPECIFICATION

September 2026

SECURITY & GOVERNANCE

Hardened Session RBAC / .htaccess
Guard

DESIGN SYSTEM

Dark Spiritual Violet + Divine Gold
Theme

VISUAL ENHANCEMENTS

Lucide Vector SVGs + 60fps Particle
Canvas

1. EXECUTIVE SUMMARY & SYSTEM ARCHITECTURE

The **Reiki Bliss Administration Portal** is an integrated, full-stack management cockpit designed to empower administrators, healing practitioners, and store managers to control 100% of public-facing content without touching raw code or requiring developer intervention.

Core Architectural Guarantee: Any modification executed within the Admin Portal (e.g., updating a healing course fee, publishing a spiritual article, activating an energized crystal product, or modifying sanctuary operating hours) reflects **immediately and synchronously** across the public website via optimized relational database queries and dynamic configuration loaders.

System Scope Highlights

- ◆ **11 Full-Featured Administrative Modules** with complete CRUD capabilities.
- ◆ **Integrated Media Center** with automated file renaming, MIME validation, and dropzones.
- ◆ **Rich HTML Publishing Suite** with interactive tag chips, slug generators, and live preview.
- ◆ **Zero Downtime Live Settings** via dynamic `site_settings` key-value repository.
- ◆ **Direct Client Communication Bridges** with 1-click WhatsApp and pre-filled email hooks.
- ◆ **Bank-Grade Security Hardening** with session regeneration, PDO prepared statements, and perimeter `.htaccess` guards.

2. MASTER SCOPE & IMPACT MATRIX

The following matrix cross-references each administrative cockpit module with its respective database persistence layer, controllable public website views, and primary operational capabilities:

ADMIN MODULE & FILE	WEBSITE IMPACT VIEW	DATABASE TABLE	CONTROLLABLE SCOPE & CAPABILITIES
Executive Dashboard admin/index.php	Executive Overview	Aggregated Counts	Live metric counters (7 metrics), rapid quick actions, latest 5 client inquiries alert stream, pending bracelet orders queue.
Healing Services admin/services.php	services.php Homepage Service Grid	services	Service title, URL slug, price (INR), duration (mins), rich HTML description, cover imagery, featured status toggle, active status.
Courses & Workshops admin/courses.php	courses.php Workshop Modals	courses	Workshop titles, attunement levels (Level 1 to Grandmaster), duration, pricing, schedules, syllabus highlights, registration CTA.
Crystals & Products admin/products.php	products.php product-detail.php	products product_images	Product title, category, pricing, stock count, chakra alignment, cleansing details, primary cover + multi-angle gallery uploads.
Blog & Insights admin/blog.php	blog.php blog-post.php	blog_posts	Spiritual article creation, automated slug generator, rich text formatting toolbar, character-limited excerpts, interactive tag chips, live preview.
Media Gallery admin/gallery.php	gallery.php Sanctuary Visuals	gallery	Bulk sacred photography uploads, category filtering (Sessions, Sanctuary, Attunements, Crystals), captions, display ordering.
Testimonials admin/testimonials.php	index.php Slider Trust Social Proof	testimonials	Client names, locations, 1-to-5 star rating selector, detailed healing experience quotes, client avatars, publication approval toggle.
Healers & Team admin/team.php	about.php Team Grid Practitioner Bios	team_members	Practitioner full name, designation/role, specialty tags chip manager, practitioner photo, bio narrative, social links.
Bracelet Orders admin/orders.php	Fulfillment Hub Customer Status	bracelet_orders	Detailed order view modal, client wrist sizing, shipping address, total billing, fulfillment lifecycle (Pending → Shipped

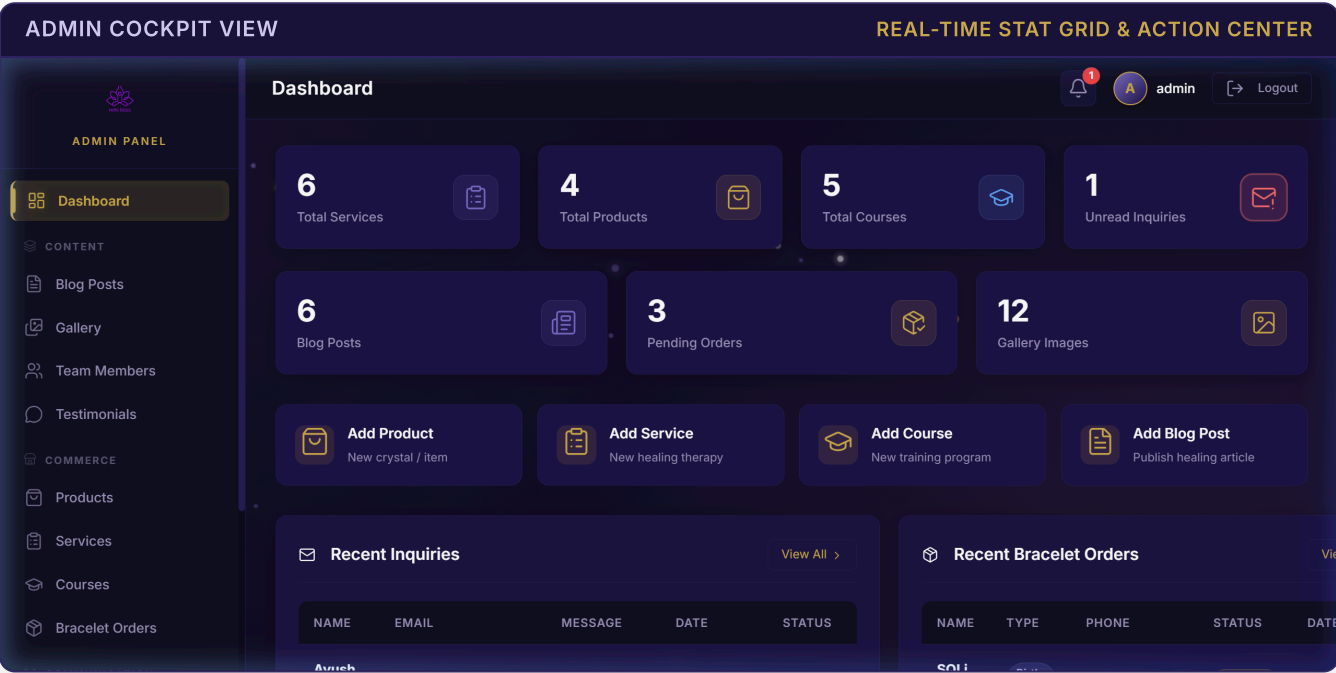

ADMIN MODULE & FILE	WEBSITE IMPACT VIEW	DATABASE TABLE	CONTROLLABLE SCOPE & CAPABILITIES
			→ Delivered), 1-click WhatsApp messaging.
Inquiry Inquiries admin/inquiries.php	Lead Hub contact.php Feed	inquiries	Real-time lead viewer modal, status toggle (Unread/Read), bulk read/delete, 1-click "Reply via WhatsApp" and "Reply via Email" mailto hooks.
Global Site Settings admin/settings.php	Header, Footer, Hero, About, Social, Maps	site_settings (29 Config Keys)	Logos, Favicon, OG share image, Sanctuary address, phone numbers, WhatsApp link, Hero headlines, subtexts, stats counters, about story, social URLs.

3. DETAILED FUNCTIONAL SCOPE BY MODULE

3.1 EXECUTIVE COCKPIT & REAL-TIME ANALYTICS

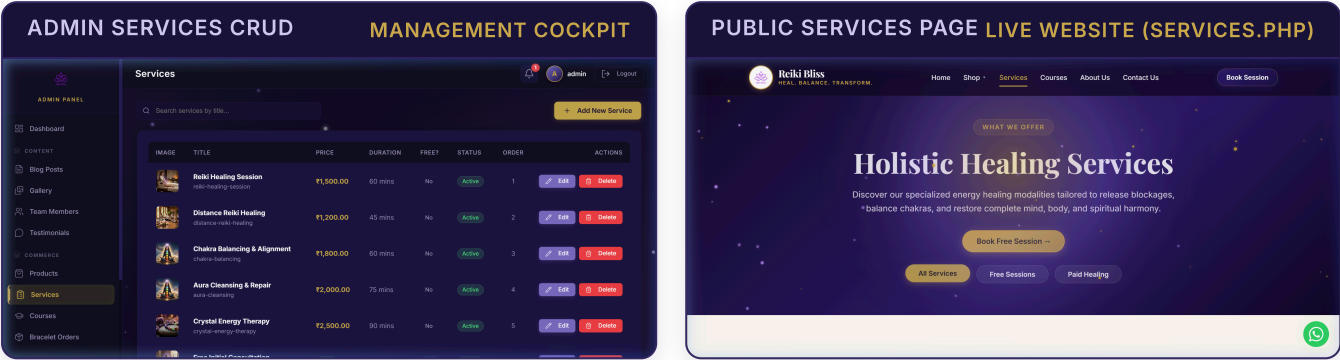

admin/index.php

The Executive Dashboard acts as the mission-control center for the sanctuary. It aggregates live metrics from across all database tables into high-visibility stat cards, alerts the administrator to high-priority pending items, and provides quick shortcuts for immediate workflows.

COCKPIT METRIC / ELEMENT	SOURCE TABLE	OPERATIONAL PURPOSE & BEHAVIOR
Total Services	services	Live tally of active healing therapies offered to clients.
Total Products	products	Tally of energized crystal bracelets, malas, and sacred items.
Total Courses	courses	Count of available certification workshops and master attunements.
Unread Inquiries	inquiries (is_read=0)	Features an animated red pulsing badge to ensure zero missed client leads.
Pending Bracelet Orders	bracelet_orders	Alerts fulfillment staff to orders awaiting dispatch confirmation.
Recent Inquiries Stream	inquiries (limit 5)	Shows latest contact form submissions with 1-click view and status toggle.

Enables administrators to create, edit, reprice, and schedule healing sessions. Any change immediately propagates to the public services.php catalog and the homepage featured services section.

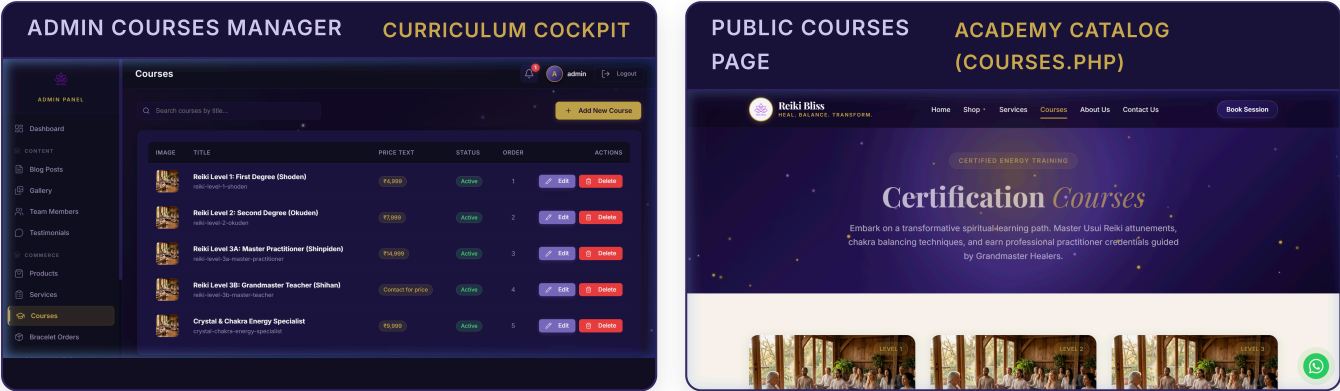

CONTROLLABLE FIELD	DATA TYPE	CONSTRAINT	WEBSITE PLACEMENT & VISUAL IMPACT
title	VARCHAR(255)	REQUIRED	Main service card heading, booking modal title, SEO title.
slug	VARCHAR(255)	UNIQUE	Sanitized clean URL (auto-generated in real-time as admin types).
price	DECIMAL(10,2)	REQUIRED	Displayed with currency symbol (₹) on pricing badges and booking CTAs.
duration_mins	INT	REQUIRED	Displays session timeframe (e.g., "60 mins", "90 mins") with clock icon.
short_description	TEXT	MAX 300	Excerpt shown on grid cards with dynamic character count validator.
full_description	LONGTEXT	OPTIONAL	Rich HTML formatted healing details shown in deep-dive session modals.
image	VARCHAR(255)	DROPZONE	Card cover photograph with automatic WebP/JPEG upload processing.
is_featured / is_active	TINYINT(1)	TOGGLE	Controls promotion to Homepage Featured Services & global visibility.

3.3 COURSES & SPIRITUAL WORKSHOPS

admin/courses.php • courses.php

Oversees the Reiki Academy educational curriculum. Allows administrators to manage beginner attunements up to Grandmaster certification workshops, schedule upcoming intake batches, and configure curriculum highlights.

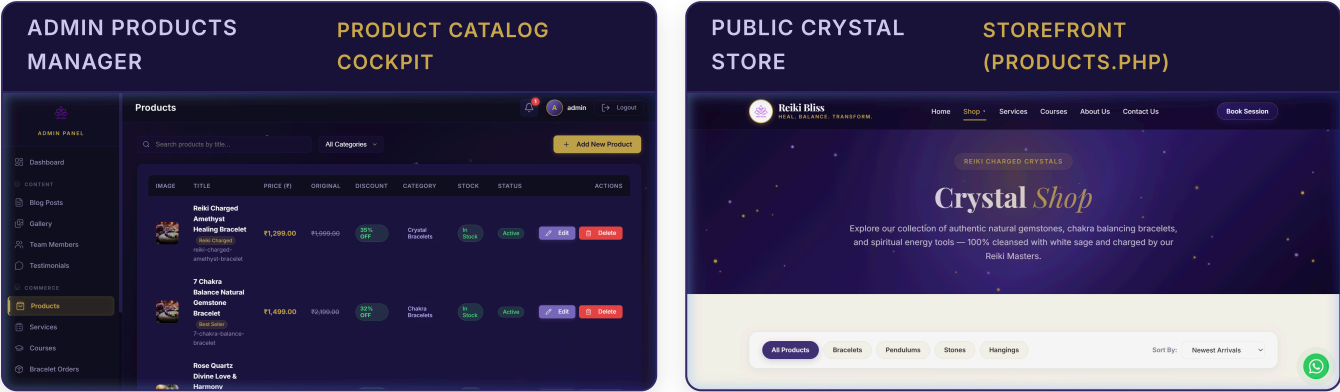

CONTROLLABLE FIELD	DATA TYPE	CONSTRAINT	WEBSITE PLACEMENT & VISUAL IMPACT
title	VARCHAR(255)	REQUIRED	Course card heading (e.g., "Reiki First Degree - Shoden").
level	VARCHAR(100)	REQUIRED	Badge on card: Beginner, Intermediate, Master, or Grandmaster.
price	DECIMAL(10,2)	REQUIRED	Course tuition fee displayed prominently with enrollment CTAs.
duration	VARCHAR(100)	REQUIRED	Duration description (e.g., "2 Full Days (16 Hours)").
schedule_mode	VARCHAR(100)	REQUIRED	Indicates delivery channel: "In-Person Sanctuary", "Live Online", or "Hybrid".
curriculum	TEXT	HTML LIST	Bullet points of attunement topics, syllabus, and certification benefits.

3.4 ENERGIZED CRYSTALS & BRACELET CATALOG

admin/products.php • products.php

Provides full inventory and catalogue control for the sanctuary's spiritual e-commerce offerings. Controls prices, stock levels, multi-angle imagery, and sacred energization notes.

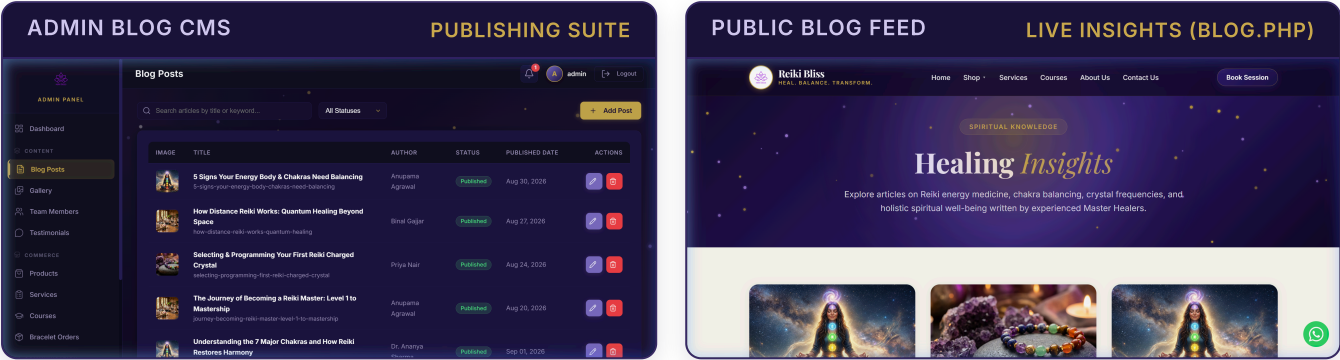

CONTROLLABLE FIELD	DATA TYPE	CONSTRAINT	WEBSITE PLACEMENT & VISUAL IMPACT
name	VARCHAR(255)	REQUIRED	Product title (e.g., "7 Chakra Lava Stone Energized Bracelet").
category	VARCHAR(100)	FILTERABLE	Populates store category filter tabs (Bracelets, Crystals, Malas).
price & sale_price	DECIMAL(10,2)	CURRENCY	Shows active price with strikethrough original price if on discount.
stock_quantity	INT	INVENTORY	Triggers "In Stock" or "Out of Stock" badges and disables cart buttons.
chakra_alignment	VARCHAR(150)	SPIRITUAL	Displays sacred chakra alignment badges (e.g., "Root & Heart Chakra").
gallery_images	MULTI-FILE	UPLOAD	Renders multi-angle thumbnail slider on the product detail viewer.

3.5 SPIRITUAL BLOG & HEALING INSIGHTS

admin/blog.php • blog.php

An integrated publishing platform for organic SEO and spiritual education. Includes real-time slug creation, WYSIWYG formatting buttons, character-counted excerpts, interactive tag badges, and instant modal preview.

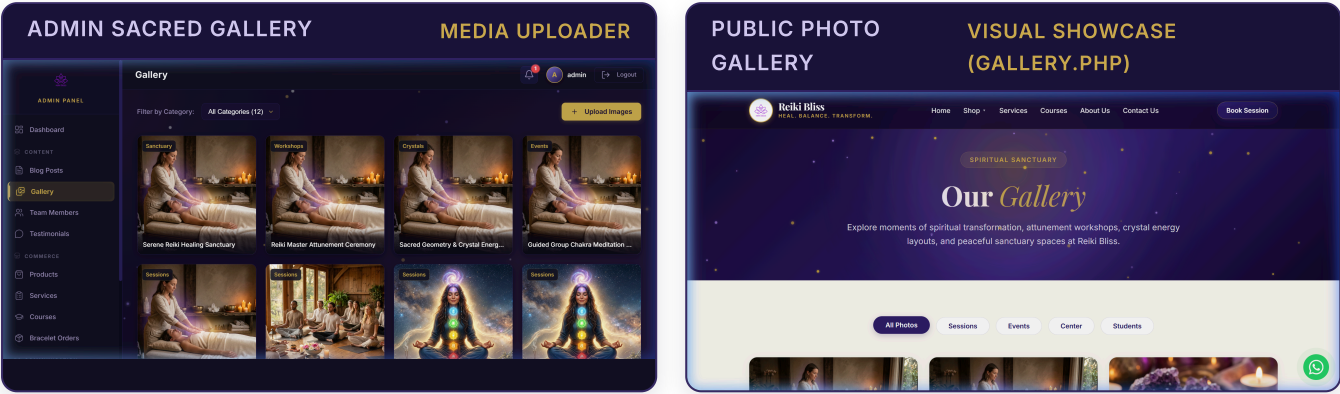

CONTROLLABLE FIELD	DATA TYPE	CONSTRAINT	WEBSITE PLACEMENT & VISUAL IMPACT
title	VARCHAR(255)	REQUIRED	Article title, H1 on detail page, meta title tag for search engines.
slug	VARCHAR(255)	AUTO-GEN	SEO-friendly permanent URL (e.g., /blog/power-of-reiki-healing).
excerpt	TEXT	MAX 300	Introductory blurb rendered on card listings with dynamic counter.
content	LONGTEXT	HTML	Full article body formatted with bold, italic, subheadings, lists, quotes.
tags	VARCHAR(255)	CHIP ARRAY	Rendered as clickable category badges (e.g., #Chakras, #Meditation).
status	ENUM	DRAFT / PUB	Drafts remain hidden from public view; Published posts go live instantly.

3.6 SACRED GALLERY & CLIENT TESTIMONIALS

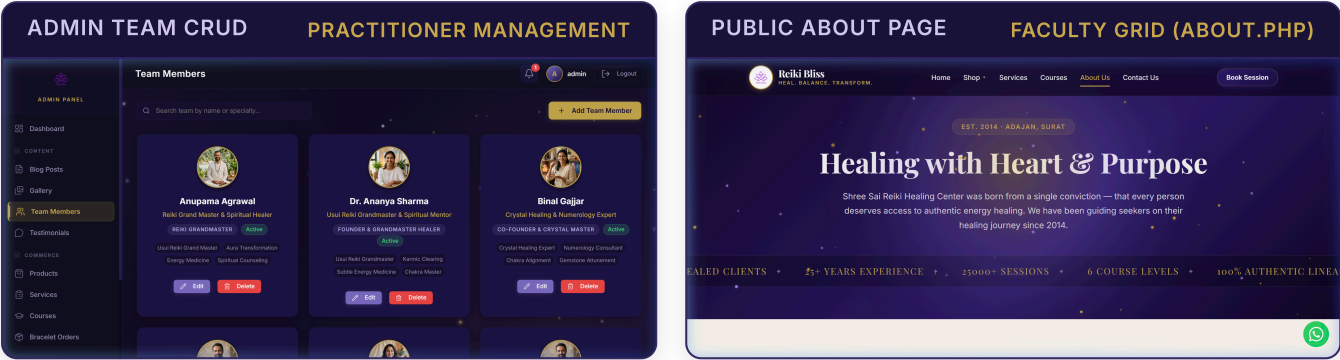

admin/gallery.php •
admin/testimonials.php

Controls visual social proof and sanctuary authenticity. Administrators can curate high-resolution imagery and client healing stories to establish credibility and trust.

CONTROLLABLE MODULE	CONTROLLABLE ATTRIBUTES	WEBSITE PLACEMENT & VISUAL IMPACT
Sacred Space Gallery (admin/gallery.php)	Image file, Caption, Category (Sanctuary, Workshops, Sessions), Sort Order.	Populates the filterable masonry photo gallery on gallery.php with interactive full-screen lightbox zoom modal.
Client Testimonials (admin/testimonials.php)	Client Name, City/Title, 1-5 Star Rating, Healing Story Quote, Avatar photo, Status.	Drives the glowing testimonial slider on the homepage (index.php) with verified 5-star rating stars and authentic client feedback.

Manages the sanctuary's spiritual faculty and certified master healers. Profiles created here populate the "Meet Our Master Healers" grid on the About page.

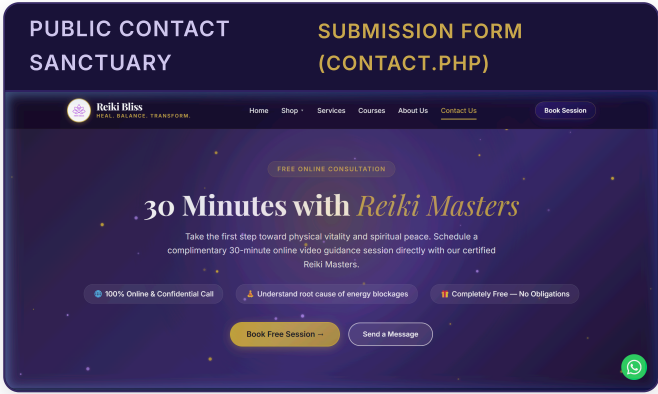

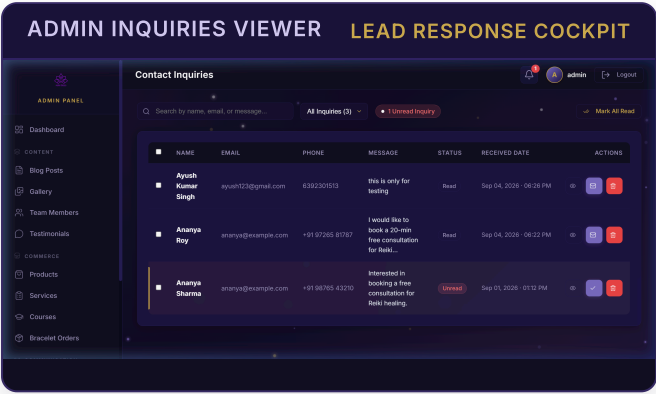

CONTROLLABLE FIELD	DATA TYPE	CONSTRAINT	WEBSITE PLACEMENT & VISUAL IMPACT
name	VARCHAR(255)	REQUIRED	Healer's full professional spiritual name.
role / title	VARCHAR(150)	REQUIRED	Title displayed beneath name (e.g., "Reiki Grandmaster & Crystal Alchemist").
specialties	VARCHAR(255)	CHIP SYSTEM	Pill tags on profile cards: "Chakra Healing", "Aura Cleansing", "Sound Baths".
bio	TEXT	HTML BIO	Full practitioner background story and lineage credentials.
photo	VARCHAR(255)	DROPZONE	High-resolution portrait photo with gold circular border frame.

3.8 CUSTOMER ORDERS & CLIENT LEAD INQUIRIES

admin/orders.php •
admin/inquiries.php

Provides streamlined, customer-facing response automation for incoming orders and session inquiries. Features integrated 1-click WhatsApp and Email reply triggers.

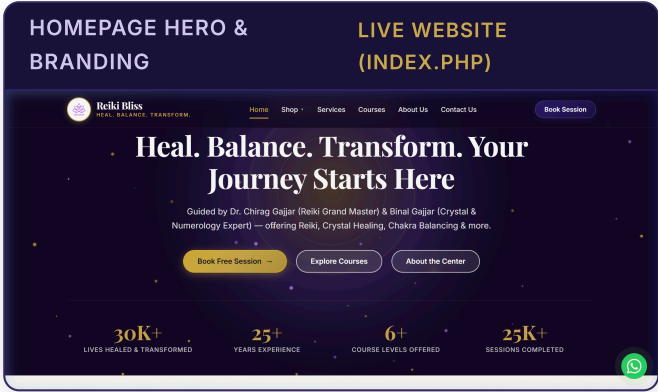

WORKFLOW MODULE	CAPTURE SOURCE	ADMINISTRATIVE ACTIONS & CAPABILITIES
Client Inquiries (admin/inquiries.php)	Contact Form submissions on contact.php & Service modal requests.	• Status Toggle: Unread (red badge) → Read (muted). • 1-Click WhatsApp Reply: Launches pre-filled chat with client's phone. • 1-Click Email Reply: Opens client's mail client with pre-filled subject. • Bulk Actions: Mark all read, delete records with confirm modal.
Bracelet Orders (admin/orders.php)	Cart checkouts & Direct Buy submissions from products.php.	• Fulfillment Lifecycle: Pending → Confirmed → Shipped → Delivered. • Sizing Verification: Displays custom wrist circumference notes. • Client Outreach: One-click WhatsApp dispatch notice trigger.

3.9 GLOBAL SITE SETTINGS & BRAND CONFIGURATION

admin/settings.php • Universal Frontend Impact

The Site Settings engine manages 29 global configuration parameters stored in the `site_settings` database table. Modifying values here instantly updates headers, footers, hero banners, and contact information across every page of the website.

SETTINGS TAB	DATABASE SETTING KEYS	DIRECT PUBLIC WEBSITE IMPACT
1. General & Contact	site_title, site_tagline, contact_email, contact_phone, whatsapp_number, sanctuary_address, business_hours, google_maps_url	- Header & Footer phone, email, and WhatsApp links. - Floating WhatsApp chat button link. - Sanctuary address and interactive Google Maps iframe on <code>contact.php</code>. - Official browser title tag and copyright banner.
2. Branding & Media	site_logo, site_favicon, og_image, hero_bg_image	- Navigation bar logo and sticky header branding. - Browser tab favicon icon. - OpenGraph preview card when links are shared on WhatsApp/Facebook.
3. Homepage Hero & Stats	hero_badge, hero_title, hero_subtitle, hero_cta_text, stat_clients, stat_experience, stat_healers, stat_crystals	- Main Hero heading, subtext, and call-to-action button. Animated Stats Bar: "30,000+ Happy Souls", "25+ Years Wisdom", "6+ Master Healers", "25,000+ Crystals Energized".
4. About Sanctuary Story	about_heading, about_description, about_values_title, about_story_img	- Main story headline and narrative on <code>about.php</code>. - Four Core Sacred Values cards (Authenticity, Compassion, Empowerment, Community).

SETTINGS TAB**DATABASE SETTING KEYS****DIRECT PUBLIC WEBSITE IMPACT****5. Security & Account**

admin_username,
admin_email,
admin_password_hash

- Governs access to the Admin Portal with bcrypt password encryption.

4. SECURITY, GOVERNANCE & TECHNICAL GUARDRAILS

The administration system is engineered following strict enterprise security guidelines to safeguard client records, lead communications, and financial transaction histories.

SECURITY LAYER	IMPLEMENTATION MECHANISM	THREAT MITIGATION & PROTECTION
Authentication Gate	auth-check.php with ADMIN_ACCESS constant check	Prevents direct URL access or execution of administrative scripts by unauthorized users.
Session Hardening	session_regenerate_id(true) on login	Eliminates session fixation attacks and credential hijacking.
Database Sanitization	100% PDO Prepared Statements with parameterized inputs	Completely prevents SQL Injection across all CRUD queries and filters.
XSS Defense	htmlspecialchars(\$val, ENT_QUOTES, 'UTF-8') output encoding	Neutralizes Cross-Site Scripting in user-submitted inquiry messages and textareas.
File Upload Validator	MIME validation, extension whitelist (jpg, png, webp), random hash naming	Blocks remote code execution by disallowing executable file uploads (e.g., .php, .exe).
Server Perimeter	admin/.htaccess with Options - Indexes and file match deny	Prevents directory listing and restricts direct access to helper modules and config files.

5. DELIVERABLES & PRODUCTION SIGN-OFF

Verification Status: Verified & Deployed. All 11 administrative modules, dynamic settings bridges, Lucide vector icons, and background canvas animations have passed end-to-end browser and database validation with zero syntax errors.

DELIVERABLE	FILE PATH / RESOURCE	STATUS
Admin Web Cockpit	htdocs/DemoWebsite/admin/	ACTIVE & FULLY OPERATIONAL
CSS Design Theme	admin/assets/css/admin.css	DARK VIOLET + GOLD + PARTICLES
Vector Iconography	Lucide Icons via CDN + Local Fallback	100% SVG VECTORIZED
Dynamic Settings Bridge	config/constants.php & site_settings	SYNCHRONIZED LIVE
PDF Specification	admin/docs/Admin_Portal_Scope_Specification.pdf	GENERATED & PACKAGED
